MB INDUSTRIAL MAINTENANCE MECHANIC

Our employees are in a safety-first work environment and have opportunities for development and training. We pay weekly, offer a comprehensive benefits package, and a monthly attendance bonus.

Key Responsibilities

- Operate machinery and observe mechanical operation to determine efficiency and to detect problems.
- Review production output to isolate problems.
- Maintain and repair all production machinery; replace worn parts.
- Conduct Preventative Maintenance on all machines.
- Organize and read operating manuals on each machine.
- Record machinery maintenance information.
- Maintain To-Do list of projects.
- Monitor energy usage.
- Request outside contractors and supervise/assist as needed.
- Maintain inventory of tools.
- Daily communication of machinery status with department head.
- Order parts and stock crucial spare parts.
- Get operators involved in maintenance and diagnoses.

Preferred Candidate Profile

- Industrial Machine Maintenance: 2 years (Preferred)
- Hydraulics: 2 years (Preferred)
- Pneumatics: 2 years (Preferred)
- Good attendance; punctual.
- Mechanical inclined problem solving (able to diagnose the problem, obtain and install the parts, fix things).
- Prior experience in Industrial Maintenance.
- Electrical knowledge/experience up to 480V a plus.
- Organizational skills and ability to prioritize.
- Willingness to work overtime.
- Knowledge of safety regulations.
- Bilingual helpful.
- Available to work overtime and Saturdays, if needed.

ABOUT M. BOHLKE CORP.

Our Culture

We feel that dedicated people are the key to our success. Through the efforts of our team, M. Bohlke Corp. has become a world leader in the wood industry. Over 50 of our 200+ employees have spent 25+ years with us! Our office is located in Fairfield, OH, just north of Cincinnati.

Our History

1966 Manfred Bohlke founds the company, which is now known as M. Bohlke Veneer Corp.

1979 Fairfield Veneer Mill is built.

1998 MB Face plant is built.

2002 Corporate HQ construction is finished.

2016 50 years in business.

1992 Production plant triples in size.

1993 Patented vacuum flitch table installed.

2017 75,000 square foot lumber expansion.

Benefits Overview

- Health and dental insurance.
- $15,000 life insurance policy to the age of 65.
- Matching retirement contributions equal to 50% of the first 6% that an employee contributes, or 3%.
- A Perfect Attendance Bonus for hourly employees.
- Nine paid holidays.

Environmental Responsibility

We have a strong commitment to the preservation and protection of the forests which supply our raw materials. We work with timberland owners to responsibly harvest trees in a selective manner.

Over the years, we have invested, developed and patented technology to produce the most out of veneer quality logs. From our knife grinder to our patented vacuum flitch beds, we have increased yields, allowing us to make the most out of our natural resource.
