

M. BOHLKE VENEER CORP.

We're Infatuated with the Inherent Splendor of Nature's Treasures

When it comes to innovation, we are constantly adapting to growing trends. As design trends navigate themselves toward a more organic theme, M. Bohlke Veneer Corp. (MBVC) provides solutions that are both creative and inspiring to meet the needs of your project or vision.

One of the growing trends in the design industry today is the use of "natural" or "live" edge wood slabs for a variety of different uses. Dining tables, conference tables, wall art, headboard and bar counter tops are all prime examples of where you can find the implementation of these designs really come to life. To accompany our growing lumber inventory options, we also stock a variety of these slabs for individual sale for whatever application you may desire.

Choose from our unique selection of indigenous and imported slabs in popular species such as Walnut, Oak, Redwood and so many more from all over the world. Regardless of the specie, no two table tops are the same and all of our table top slabs are offered in an unlimited pallet of colors and are ready to complement the most intricate architectural or residential project.

Our extensive selection of table top slabs can help you create your own unique story. Whether it's a table, counter top, headboard, or wall art, each log displays the raw beauty of nature's most precious gift – wood. With the accent of the right base, these slabs are at home in any design.

To learn more about MBVC table top slabs, please call 513-682-1460 or email sales@mbvener.com.
