

Avodire

(turraeanthus africanus)

Region:	Africa
Figure Type:	Block Mottle Figure
Cut(s):	Quarter
Description:	Creamy white to pale yellow. This veneer darkens to a creamy gold color with age and when exposed to light. Straight grained, but often exhibits a range of grain patterns such as wavy, mottled or rippled.
Applications:	Aircraft, architectural panels, cabinetry and furniture, as well as marquetry.
