

## Camphor Burl (*Cinnamomum camphora*)

**Region:** Southeast Asia    **Figure Type:** Burl    **Cut(s):** Lathe - Peeled

Ranges from a light tan to a very attractive dark brown, with darker streaks. Straight grained, ropey, and fine textured. Camphor wood has a very strong aroma and a high natural luster. Common applications: Architectural panels, millwork, fine furniture and cabinetry, as well as yacht and aircraft interiors.
