

## Imbuaya (Phoebe porosa)

**Region:** South America

**Figure Type:** Plain

**Cut(s):** Quarter

Heartwood is a rich brown with streaks and stripes. Can also have olive tones, reddish or golden hues. Straight grained, often wavy or curly, fine textured. Also has fantastic contrast, and often has pips, pecks and irregular markings. Common applications: Architectural millwork, fine furniture and cabinetry, as well as yacht and aircraft interiors.
