

A large, detailed image of Walnut Cluster wood veneer. The wood shows a complex, swirling pattern of light brown and tan colors, with darker brown veins and prominent burl markings. The texture is smooth and the grain is highly decorative.

Walnut Cluster (Juglans nigra)

Region: North America **Figure Type:** Burl **Cut(s):** Lathe - Peeled

Light gray-brown to a rich chocolate brown color. Darker brown veins with attractive stripes and burl markings. Common applications: Architectural panels, millwork, cabinetry, high-end furniture, and yacht and aircraft interiors.
