

## Tarara (*Centrolobium microchaete*)

**Region:** South America    **Figure Type:** Plain    **Cut(s):** Flat

Yellow sapwood, usually a reddish orange heartwood - however, Tarara can be as colorful as the rainbow. Luster ranges from medium to bright at times. Straight to irregular grain with a texture that is fine to medium. Common applications: architectural and acoustic panels, cabinetry, doors, furniture and millwork.
