September-October 2023

Our Mahogany family selections, from the popular to the surprising

We carry many variations of lumber from the Mahogany family. From the widely known and popular choices that are Honduras Mahogany, Sapele, and Khaya, to more lesser known species, such as Avodire, Sipo, and Doussie—and more. Each species has unique beauty

inherent to them. With each highlighted species, we list our available inventory. When you see a material that fits your project needs, please contact your MB sales representative, or connect with our team at sales@mbveneer.com to learn more, and to reserve your top selections today.
