## Santos in every lumber form

Pau Ferro, Morado, Bolivian Rosewood, Santos Rosewood—a beautiful wood of many names. Although Santos is part of the *Machaerium* family, not *Dalbergia*, it is the closest you can get to true Rosewood in both beauty and working properties. Santos is a tonewood, naturally a popular choice for musical instruments, especially electric and acoustic guitars. Its lively colors and vivid contrast are also celebrated in fine furniture, architectural millwork, and parquet flooring. We offer an extensive Santos inventory consisting of square edge, live edge, bases, and more.
