

Unlock the potential of Black Ebony cants with exclusive stock

When only the finest materials will do, our Black Ebony cants are here to inspire. Cants are large, rough-cut pieces and offer remarkable versatility. Known for its density and handsomely streaked grain, Black Ebony has long been a symbol of luxury and craftsmanship. Whether you're creating furniture, musical instruments, or decorative accents, this material offers unparalleled quality and sophistication.

Black Ebony grain is naturally captivating with its tightness and uniformity, which gives it a sleek and smooth texture that feels almost glass-like when polished. The grain is typically straight but can also have subtle interlocking patterns, adding depth and intrigue to its bold, dark appearance.

Sourced with care, these pieces are ideal for those who value exceptional materials.

Limited 6/4 & 8/4 Black Ebony

We're offering a limited selection of value-grade Black Ebony lumber, ideal for cost-conscious projects that demand the beauty of this premium species.

As we typically carry only the highest-grade stock, this is a rare chance to secure Black Ebony at an exceptional value. Available on a first-come, first-served basis—once it's gone, it's gone. Don't miss this opportunity to work with a coveted hardwood at a fraction of the usual cost.
