

Discover Avodire, a cost-effective African hardwood

With its satiny sheen and gentle figure, Avodire successfully bridges the gap between elegance and affordability. This lesser-known African hardwood is an ideal choice for fine furniture, cabinetry, and accent details due to it being easy to work with, its neutral color palette, and beautiful, natural sheen.

Avodire is a smart alternative to higher priced species, offering comparable beauty and strength at a more economical value. Available now in 8/4 stock—refined style, approachable cost.

- **Golden hues** and **natural shimmer.**
- Fine, even grain offers **subtle movement.**
- **Versatile**—pairs with light or dark woods in contemporary, mid-century, or traditional designs.
